PRIVACY NOTICE**

**THIS NOTICE DESCRIBES HOW YOUR MEDICAL INFORMATION
MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO
THAT INFORMATION.**

PLEASE REVIEW THIS NOTICE CAREFULLY.

POLICY STATEMENT

This Practice is committed to maintaining the privacy of your protected health information ("PHI"), which includes information about your medical condition and the care and treatment you receive from the Practice and other health care providers. This Notice details how your PHI may be used and disclosed to third parties for purposes of your care, payment for your care, health care operations of the Practice, and for other purposes permitted or required by law. This Notice also details your rights regarding your PHI.

USE OR DISCLOSURE OF PHI

1. The Practice may use and/or disclose your PHI for purposes related to your care, payment for your care, and health care operations of the Practice. The following are examples of the types of uses and/or disclosures of your PHI that may occur. These examples are not meant to include all possible types of use and/or disclosure.

(a) **Care** - In order to provide, coordinate and manage your care, the Practice will provide your PHI to those health care professionals, whether on the Practice's staff or not, directly involved in your care so that they may understand your medical condition and needs and provide advice or treatment (e.g., a specialist or laboratory). For example, a physician treating you for a condition such as arthritis may need to know what medications have been prescribed for you by the Practice's physicians.

(b) **Payment** - In order to get paid for health care provided by the Practice, the Practice may provide your PHI, directly or through a billing service, to appropriate third party payors, pursuant to their billing and payment requirements. For example, the Practice may need to provide your health insurance carrier or, if you are over 65, the Medicare program with information about health care services that you received from the Practice so that the Practice can be properly reimbursed. The Practice may also need to tell your insurance plan about the need to hospitalize you so that the insurance plan can determine whether or not it will pay for the expense.

(c) **Health Care Operations** - In order for the Practice to operate in accordance with applicable law and insurance requirements and in order for the Practice to provide quality and efficient care, it may be necessary for the Practice to compile, use and/or disclose your PHI. For example, the Practice may use your PHI in order to evaluate the performance of the Practice's personnel in providing care to you.

AUTHORIZATION NOT REQUIRED

1. The Practice may use and/or disclose your PHI, without a written Authorization from you, in the following normal situations:

(b) **Business Associate** - To a business associate, which is someone who the Practice contracts with to provide a service necessary for your treatment, payment for your treatment and health care operations (e.g., billing service or transcription service). 2. The Practice may use and/or disclose your PHI, without a written Authorization from you, in the following special situations:

(c) **Abuse, Neglect or Domestic Violence** - To a government authority if the Practice is required by law to make such disclosure. If the Practice is authorized by law to make such a disclosure, it will do so if it believes that the disclosure is necessary to prevent serious harm or if the Practice believes that you have been the victim of abuse, neglect or domestic violence. Any such disclosure will be made in accordance with the requirements of law, which may also involve notice to you of the disclosure.

(d) **Health Oversight Activities** - Such activities, which must be required by law, involve government agencies involved in oversight activities that relate to the health care system, government benefit programs, government regulatory programs and civil rights law. Those activities include, for example, criminal investigations, audits, disciplinary actions, or general oversight activities relating to the community's health care system.

(e) **Judicial and Administrative Proceeding** - For example, the Practice may be required to disclose your PHI in response to a court order or a lawfully issued subpoena.

(f) **Law Enforcement Purposes** - In certain instances, your PHI may have to be disclosed to a law enforcement official for law enforcement purposes. (g) **Coroner or Medical Examiner** - The Practice may disclose your PHI to a coroner or medical examiner for the purpose of identifying you or determining your cause of death, or to a funeral director as permitted by law and as necessary to carry out its duties.

(h) **Organ, Eye or Tissue Donation** - If you are an organ donor, the Practice may disclose your PHI to the entity to whom you have agreed to donate your organs.

(i) **Research** - If the Practice is involved in research activities, your PHI may be used, but such use is subject to numerous governmental requirements intended to protect the privacy of your PHI such as approval of the research by an institutional review board and the requirement that protocols must be followed.

(j) **Avert a Threat to Health or Safety** - The Practice may disclose your PHI if it believes that such disclosure is necessary to prevent or lessen a serious and imminent threat to the health or safety of a person or the public and the disclosure is to an individual who is reasonably able to prevent or lessen the threat.

(k) **Specialized Government Functions** - When the appropriate conditions apply, the Practice may use PHI of individuals who are Armed Forces personnel: (1) for activities deemed necessary by appropriate military command authorities; (2) for the purpose of a determination by the Department of Veteran Affairs of eligibility for benefits; or (3) to a foreign military authority if you are a member of that foreign military service. The Practice may also disclose your PHI to authorized federal officials for conducting national security and intelligence activities including the provision of protective services to the President or others legally authorized.

(m) **Workers' Compensation** - If you are involved in a Workers' Compensation claim, the Practice may be required to disclose your PHI to an individual or entity that is part of the Workers' Compensation system.

(n) **Disaster Relief Efforts** - The Practice may use or disclose your PHI to a public or private entity authorized to assist in disaster relief efforts.

(o) **Required by Law** - If otherwise required by law, but such use or disclosure will be made in compliance with the law and limited to the requirements of the law.

AUTHORIZATION

Use and/or disclosure of your psychotherapy notes (if applicable) that do not fall within certain limited exceptions, use of your PHI for marketing purposes, disclosures resulting from the sale of your PHI, and any other use and/or disclosure not described above will not be made without your written Authorization, which you may revoke at any time.

APPOINTMENT REMINDER

The Practice may, from time to time, contact you to provide appointment reminders. The reminder may be in the form of a letter or postcard. The Practice will try to minimize the amount of information contained in the reminder. The Practice may also contact you by phone and, if you are not available, the Practice will leave a message for you.

ON-CALL COVERAGE

In order to provide on-call coverage for you, it is necessary that the Practice establish relationships with other physicians who will take your call if a physician from the Practice is not available. Those on-call physicians will provide the Practice with whatever PHI they create and will, by law, keep your PHI confidential.

FAMILY/FRIENDS

The Practice may disclose to your family member, other relative, a close personal friend, or any other person identified by you, your PHI directly relevant to such person's involvement with your care or the payment for your care. The Practice may also use or disclose your PHI to notify or assist in the notification (including identifying or locating) a family member, a personal representative, or another person responsible for your care, of your location, general condition or death. However, in both cases, the following conditions will apply:

(a) The Practice may use or disclose your PHI if you agree, or if the Practice provides you with opportunity to object and you do not object, or if the Practice can reasonably infer from the circumstances, based on the exercise of its judgment, that you do not object to the use or disclosure.

(b) If you are not present, the Practice will, in the exercise of its judgment, determine whether the use or disclosure is in your best interests and, if so, disclose only the PHI that is directly relevant to the person's involvement with your care.

(a) Revoke any Authorization, in writing, at any time. To request a revocation, you must submit a written request to the Practice's Privacy Officer.

(b) Request restrictions on certain use and/or disclosure of your PHI as provided by law, but the Practice is not obligated to agree to any requested restrictions. However, the Practice must agree to a request to restrict disclosure of your PHI to a health plan if: the disclosure is for the purpose of carrying out payment or health care operations and is not required by law, and the PHI pertains solely to a health care item or service for which you or someone else has paid the Practice in full. To request restrictions, you must submit a written request to the Practice's Privacy Officer. In your written request, you must inform the Practice of what information you want to limit, whether you want to limit the Practice's use or disclosure, or both, and to whom you want the limits to apply. The Practice may deny your request if it is not in writing, if you do not provide a reason and support of your request, if the information to be amended was not created by the Practice (unless the individual or entity that created the information is no longer available), if the information is not part of your PHI maintained by the Practice, if the information is not part of the information you would be permitted to inspect and copy, and/or if the information is accurate and complete. If you disagree with the Practice's denial, you have the right to submit a written statement of disagreement.
